Pathfinder Scouts are here to help navigate the path forward.

Support from the USO doesn't end when you leave the military! USO Pathfinder is a free service that helps you and your family create a plan for life after military service.

A Personalized Action Plan

Pathfinder Scouts provide one-on-one support to create an Action Plan that is unique to you. Your Action Plan lays out your goals, identifies services and resources that fit your needs and establishes milestones for you to meet your goals.

Even after you've been connected to a resource, your Pathfinder Scout will continue to work with you to confirm that quality services were provided. If your goals and objectives shift during your transition process, your Pathfinder Scout shifts with you and makes sure you continue to get the resources you need.

Connecting You

Pathfinder Scouts are experts in all things transition and will connect you to the services and resources in your community that will make your transition successful.

Pathfinder Scouts provide connections to opportunities, organizations, services, workshops, seminars, resources and more in the following focus areas:

Employment

Volunteerism

Family Strength & Wellness

Veterans Benefits

Education

Housing

Financial Readiness

Legal Topics

Seamless Action

You can take your Action Plan with you wherever you go and connect with your Pathfinder Scout through the USO's Mobile Action Plan app.

We Can Help You Anywhere

Regardless of where you choose to call home, whether you're near a transition center or not, the USO Pathfinder team can help you no matter where you are and connect you to your new community.

USO Pathfinder provides free services to:
