

Holiday of Hope

In collaboration with community partners, Transformational Consulting is pleased to announce we will be hosting our third annual Holiday of Hope Event. Our mission is to provide each family with a special dinner and gifts to celebrate this holiday season. Through this mission and our work in the Oceanside Unified School District, we have found that many of our families would not be able to celebrate the holiday season without the support of community members and giving hearts all around.

Last December, the Holiday of Hope event was a huge success in that we were able to provide gifts as well as \$500 to the participating family selected by each school site for provisions in areas such as bills, transportation and housing.

Transformational Consulting cannot continue with this event in support our scholars without donations from individuals like you. Any donation will help us to accomplish our goal of providing the gift of hope to our most in need families.

On behalf of the families in the Oceanside Unified School District, we thank you and wish you the warmest holiday wishes!

Ways to help!

- **Adopt a family** (by adopting a family you will be taking on the honor of aiding in fulfilling the family's holiday wishlist)
- **Monetary donation** (all funds collected will be applied to the goal of raising \$500 for each family to aid in provision such as housing, bills and transportation)
